Mr. and Mrs. Steven T. Bevers
Energy 4 A Cure Foundation
2257 North Loop 336, Suite 140, #329
Conroe, TX 77304

Dear Mr. and Mrs. Bevers:

Thank you so much for your most recent gift through the Energy 4 A Cure Foundation to support CRV research at Washington University School of Medicine. I know how grateful Dr. John Atkinson is for your support, as am I.

As you know so well, Dr. Atkinson and his team continue to work diligent to discover treatments that would slow the progression of CRV. With gifts like yours, we will continue to make progress.

Again, thank you so much for your efforts to raise awareness of CRV, and for your dedicated support of Dr. Atkinson and his research team.

Sincerely,

Larry J. Shapiro, M.D.
Executive Vice Chancellor
for Medical Affairs and Dean
