Dear Mr. and Ms. Bevers:

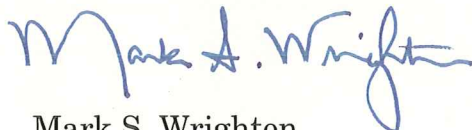

Thank you for the recent grant of \$14,000 from the Energy 4 A Cure Foundation to Washington University for support of Dr. John P. Atkinson's CRV-RVCL research in the Division of Rheumatology in the School of Medicine.

Gifts from organizations like the Energy 4 A Cure Foundation make a difference. Support like this can help turn ideas into life-changing solutions and enhance the quality of life for many people. In short, learning and discovery represent Washington University's contributions to providing gateways to a brighter future, gateways that could not be built without the support of friends like the Energy 4 A Cure Foundation.

Again, on behalf of Dr. Atkinson, all of us at Washington University, and especially those who will benefit from the research conducted with the support of this grant, thank you.

With best regards,

Sincerely yours,

Mark S. Wrighton
