Dear Mr. and Mrs. Bevers:

On behalf of Washington University School of Medicine, thank you for continuing to support CRV research through your fundraising events. We are grateful for your energy and generosity.

Led by Dr. John Atkinson, the physicians and researchers in the Division of Rheumatology are leaders in unlocking the mysteries of CRV. Your support ensures that they can continue leveraging the School of Medicine's unique resources of talent and technology to find new and better methods for diagnosis and treatment. Again, thank you for making a gift that will change lives throughout the world.

Best wishes,

Pameia Buell
