Dear Mr. and Ms. Bevers:

Thank you for the recent grant of \$46,000 from the Energy 4 A Cure Foundation to Washington University for support of Dr. John P. Atkinson's CRV-RVCL research in the Division of Rheumatology at the School of Medicine.

We are proud to have philanthropic partners such as the Energy 4 A Cure Foundation helping to sustain and enhance the work being carried out at Washington University, one of the world's great resources for education, research, and service to society. This support advances visionary discoveries and learning opportunities that will shape the future of our world.

Again, on behalf of Dr. Atkinson, all of us at Washington University, and especially those who will benefit from the research conducted with the support of this grant, thank you.
